

## D Michaelmas Trial Practice

You are doing Sections 1–4.

- Section 1: Fractions, percentages, standard form, bearings, map scales, Pythagoras, simple sets.
  - Section 2: Probability, statistics, mean, median, mode, range, median class, modal class, estimating mean, tree diagrams.
  - Section 3: 2D and 3D shapes. SOHCAHTOA, sine rule, cosine rule, sectors and segments, 2D and 3D similar shapes, volume and surface area of cylinder, cone, sphere.
  - Section 4: Functions, recurring decimals, Venn diagrams, differentiation (calculus).
- 
- **Section 1**
    1. Blah
  - **Section 2**
    1. Blah
  - **Section 3**
    1. Blah
  - **Section 4**
    1. Blah
